

GENERAL INFORMATION

General Information

The following laws pertain to recreational saltwater fishing, shrimping, crabbing and shellfishing. Individuals (age 16 and older) harvesting marine resources, including finfish, oysters, clams, shrimp and crab must purchase an annual, temporary or 3 Year Saltwater Recreational Fishing License - unless fishing on a licensed public fishing pier; fishing on a licensed charter/headboat vessel while under hire; using 3 or fewer drop nets, 3 or fewer fold up traps, or 3 or fewer handlines with no hooks and a single bait per line (chicken necking); or shrimp baiting (which requires a shrimp baiting license).

Fishing piers and chartered vessels charging a fee for fishing must purchase an annual Public Fishing Pier or Charter/Headboat Vessel license, respectively. Applications for Public Fishing Pier and Charter Vessel Licenses are available from the SCDNR office in Charleston.

Any person engaged in selling any fish or fishery product, including bait harvested in SC state waters, must first obtain the appropriate license. Regulations concerning commercial saltwater fishing are provided with commercial licenses and are available through the Marine Resources Division at the address below.

GUIDELINES FOR SEA TURTLE PROTECTION

If you hook or entangle a sea turtle while fishing, contact South Carolina DNR Hotline: 1-800-922-5431.

- Keep hands away from turtle's mouth and flippers.
- Do not lift the turtle by the hook or by pulling on the line.
- Safely land the turtle using a net or by walking it to shore.
- Leave the hook in place with one foot of line, as removing it can cause more damage.
- Keep the turtle out of direct sunlight and cover with damp towel.
- Use non-stainless, barbless hooks when possible.

If circumstances don't permit you to hold the animal and contact DNR, cut the line as short as possible and release the turtle.
